

Science For A Better Life

Bayer HealthCare LLC [www.career.bayer.com](http://www.career.bayer.com)

Marion Hitchcock wants to make the world a better place – for everyone. As a scientist at Bayer, Marion knows she is doing just that. Searching for solutions and never giving up. That is the passion that unites all of us at Bayer. We call it the Bayer Spirit. If you feel it, too, then it is high time we had a chance to talk about a career at Bayer.

## GLOBAL REGULATORY AFFAIRS SUMMER INTERN

Bayer HealthCare (BHC) makes an important contribution to human and animal health with its innovative products and by researching new therapeutic approaches. Our Specialty Pharmaceutical business ranks among the top 10 specialty pharmaceutical companies worldwide. Our global research and development is focused in five distinct areas: Diagnostic Imaging, Hematology/Cardiology, Oncology, Specialized Therapeutics, and Women's Healthcare. As a specialty pharmaceuticals company, we at Bayer HealthCare focus our efforts where we can have the most impact. Our Diabetes Care division is one of the largest self-test diagnostic businesses in the world, supporting customers in 100 countries. Our Consumer Care business is a top competitor in many important product categories including analgesics, cough and cold, and nutritionals. More than 3,000 employees support 14 manufacturing sites in 11 countries dedicated to ensuring the delivery of a secure, high-quality, cost-effective supply of our products around the world. Our Animal Health business in North America is dedicated to making the world a better place for our veterinary customers, their clients, and the animals we all hold dear.

### **Job description** Global Regulatory Affairs

Global Regulatory Affairs works with Health Authorities in over 100 countries, giving you the opportunity to work in a truly global workplace. The current regulatory environment is changing rapidly and we are looking for future leaders who are interested in working with the Health Authorities such as the Food and Drug Administration (FDA) in the US, the State Food and Drug Administration (SFDA) in China, or the European Medicines Agency (EMA) in the EU.

Along with hands-on training, candidates will be assigned a mentor and be expected to deliver a project at the end of the summer.

**Your qualifications** This internship is not a guarantee of future employment, and the decision for this transition would be at the discretion of the company. If there is a full time opportunity available after the program ends, you may be eligible to transition to full time employment.
